In the city of Dallas, they tell the legend of a great high school — when it was founded and how it became a legend. A legend is a story handed down through the years and connected with some real events. It takes a first to become a legend, and South Oak Cliff is the "Original #1."

Exactly when the legend started no one really knows, however, it is said that it happened like this . . .

Scenes around the legendary Dallas Fair Park.

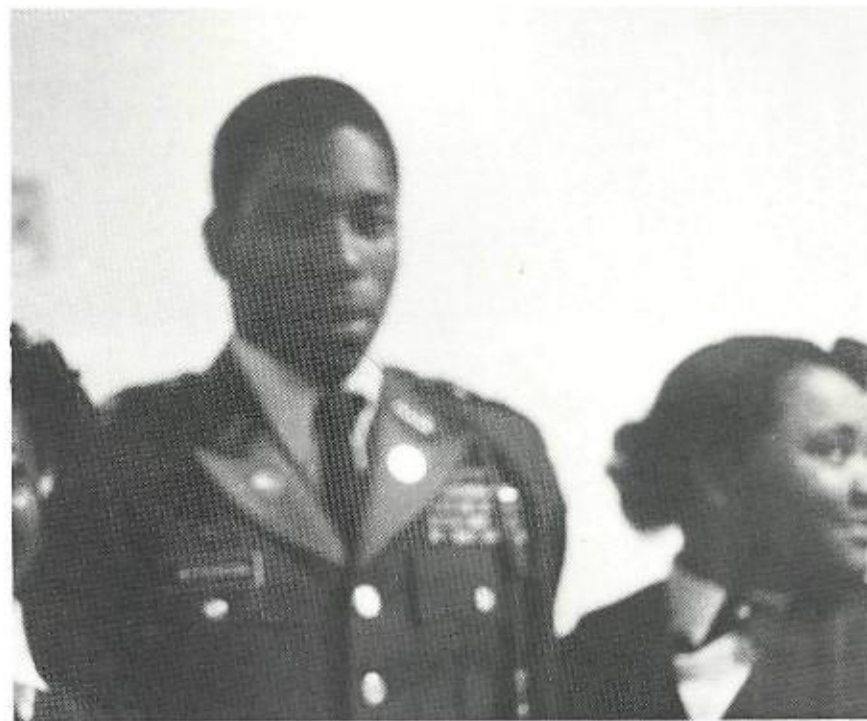

South Oak Cliff High School opened the second semester in 1952 under the leadership of Mr. Ben Matthews. It's hard to remember more blond hairs with blue eyes walking down the halls instead of brown eyes with California Curls. The Pivoteers were called the Golden Debs and Adamson was our #1 rival instead of Roosevelt. Believe it or not the Polar Bear in the trophy case is over thirty years old.

Try visualizing Debra Kilgore, speech teacher, as captain of the drill team — she was! Don't get frantic when you hear that Harvey Martin, Oscar Rome, Wayne Morris, Tim Collier, Mike Down, Alcye Jackson, Mike Livingston, and Coach Leslie Williams all played football and graduated from South Oak Cliff High School.

As of today South Oak Cliff has produced nineteen professional football players. On any given Sunday, S.O.C. is one of the unique schools which can boast to have a minimum of four alumni playing professional football.

In 1967, South Oak Cliff High School integrated. As the legend goes, in the early '70's policemen stayed around S.O.C. because of gang fights with weapons. However, S.O.C. managed to produce several outstanding teachers, doctors, musicians, and lawyers, along with other career achievers, while the town watched in awe . . .

**A NEW VISION, A BETTER
TOMORROW**

1983 DEDICATEE

Behind every legend there is a legacy and a strong character to carry the legacy out. A character that has contributed himself or herself to the whole. A legend has to be nurtured. It calls for someone who is unselfish, understanding, intellectual, forceful, and able to comply to all demands. As fate would have it, she handed the legacy to Dr. Frederick Douglas Todd, Sr.

It is not so difficult to become a principal, and the fact that Dr. Todd is our principal is not the reason that we wish to dedicate the 1982-1983 *DEN* to him. In all events that have occurred throughout Dr. Todd's seven years as head administrator at South Oak Cliff High School, he has instigated a "changing image." He has been an exemplary husband, father, community leader, as well as principal, which excels him above all others. Dr. Todd has been hailed as a scholar, philosopher, and humanitarian among his peers, family, and students. He has endeavored to make South Oak Cliff High School second to none.

The legend owes its image to Dr. Frederick Douglas Todd, Sr.

**OUR CAUSE IS NEW, SO WE MUST
THINK ANEW AND ACT ANEW.**

In 1975, "a changing image" came to South Oak Cliff High School. Dr. Frederick D. Todd, Sr. became head administrator. He brought with him a motto which enhanced the legend to grow. The motto was, "SOUTH OAK CLIFF, A CHANGING IMAGE, STRIVING FOR EDUCATIONAL EXCELLENCE: TEACHERS TEACHING, STUDENTS LEARNING, AND PARENTS INVOLVED."

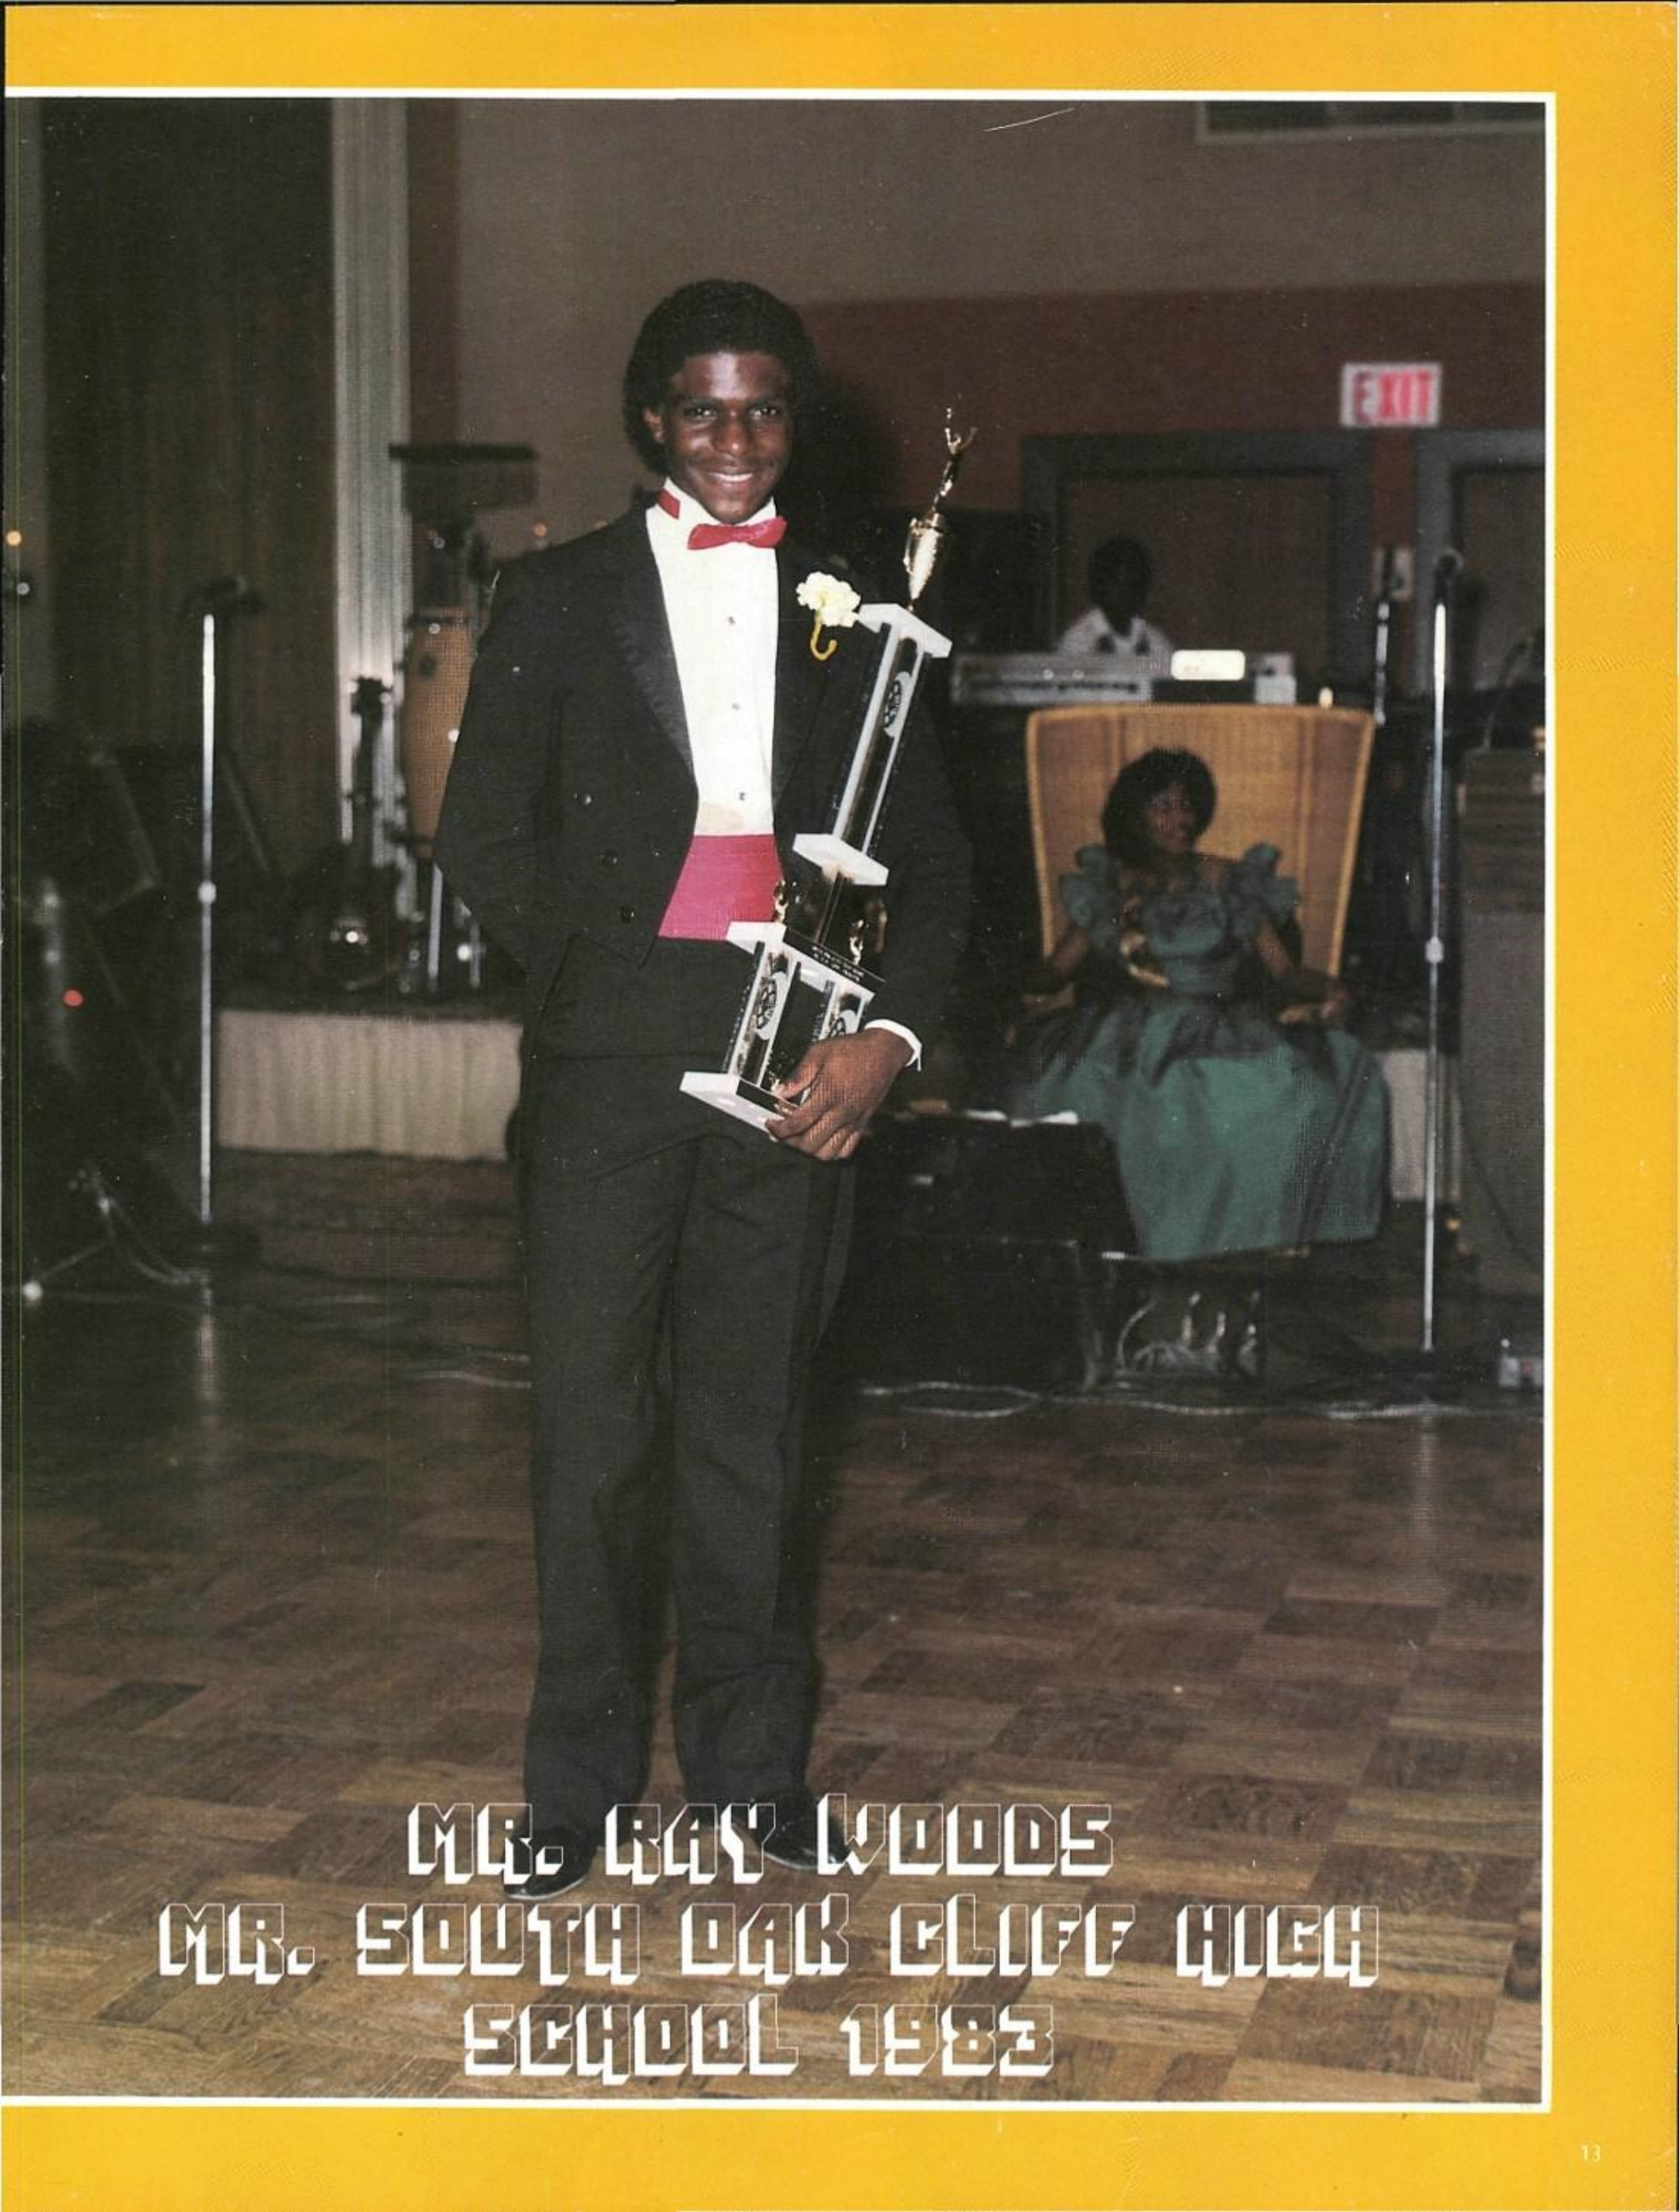

It is hard to exaggerate the legacy of a legend such as South Oak Cliff High School. It is difficult being a legend because a legend must always excel above itself. It is always the target. It is the object to defeat.

But, if a legend is to stay a legend it must perpetuate itself. It must run faster and harder than all other. South Oak Cliff High School, "A Legend In Its Own Time," hands us the legacy which compels us to pay attention to the present, look toward the future and work toward excellence. If a legend is to stay a legend it must produce, and it can only produce through YOU!

A large, stylized graphic of a pyramid or mountain shape composed of the word 'ORGANIZATIONS' repeated many times, set against a dark, starry background. The text is white and arranged in a grid-like pattern that tapers to a point at the top, creating a sense of depth and scale. The background is black with numerous small white dots, resembling a starry night sky or a distant galaxy.

In high school not only are the academics important but the organizations help contribute to the friendly atmosphere found at South Oak Cliff.

To be members of various organizations it takes commitment, loyalty, stamina, and leadership.

Also, it takes a sponsor who is willing to dedicate time and effort into helping develop strong minds and healthy attitudes for the future. These qualities are essential in becoming a successful person. Organization helps one to prepare.

Organizations are not only for molding minds and building character, but for having fun. This has always been one of the best reasons for belonging to an organization.

ORGANIZATIONS

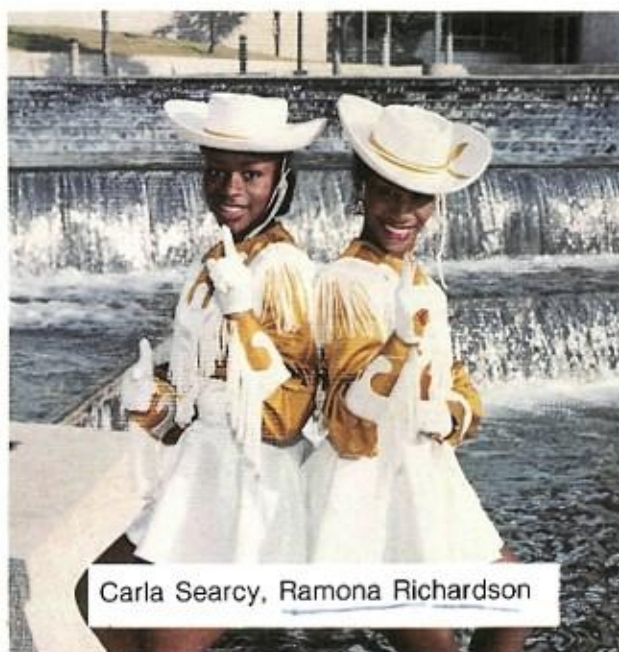

South Oak Cliff being a legend in its own time will continue being so through its outstanding organizations.

KEY CLUB

Mr. Robert Edison: Sponsor, Eddye Royal, Shunda Burger, Harriet Williams, Richard Taylor, abd Ray Woods

The Key Club is a very important part of the South Oak Cliff High School experience. It has pioneered many activities that help make a legend outstanding.

The Key Club sponsors a membership drive for the NAACP, a collection of food for the needy during the holiday season, and assist with and promote Black History Month. This year the club is pioneering its first annual Black Student Development Conference.

SOUTH OAK CLIFF HIGH SCHOOL GOLDEN BEARS MARCHING BAND

The 1982 - 83 school year has been good to the well-known Golden Bears Marching Band. They have earned the reputation of being a dynamite band and organization.

The band is directed by Mr. Z. Johnson and Mr. C. Neal. They joined the S.O.C. family this school year. Both are constantly progressing and never cease to amaze "The Family" or the public eye.

Many fine musicians graduate from South Oak Cliff High School each year. They have made the South Oak Cliff Golden Bears Marching Band a marching legend in it's own time!

South Oak Cliff High School has the largest J.R.O.T.C. unit in the Dallas Independent School District. Currently 302 students are enrolled and the number is increasing year by year.

Being in the J.R.O.T.C. gives the students a better outlook on the world. It helps them get a positive attitude towards their life future.

This year under the direction of Colonel Reginald W. Carrington, Sgt. Nichols, Sgt. Nash, the J.R.O.T.C. has made one of their finest. The cadets ushered at football games. The Flag Corps performed at pep rallies and games. And with pride the J.R.O.T.C., the Golden Grenadiers, and the Golden Grenadettes competed this year in the Kimball meet and for the second time in history of the meet both championships were won by the same school.

South Oak Cliff High School's J.R.O.T.C. is a legend in the eyes of the student body and a legend in their own time.

The 1981-83 **Den Staff** started with novice members and sponsor. We, the staff, thought putting a yearbook together would be as easy as throwing a bunch of pictures on pages. We soon made our sponsor's prophecy of hard work a reality.

It isn't easy being the only yearbook staff on campus. Everyone expects you to meet individual wants. Perhaps the hardest jobs of any yearbook staff are deciding the book's theme which will depict the mood of the school year and who is truly worthy above all others to dedicate the annual to. We had to place our personal interests and likes aside and focus on the wholeness of campus life at South Oak Cliff High school.

We are deeply grateful to those who helped make our job easy and we sympathize with those who could not understand our job.

BUT WE TRIED NOT TO ACT LIKE IT"

A large, stylized graphic of a mountain peak composed of the word 'FACULTY' repeated many times, set against a dark, starry background. The word 'FACULTY' is written in a bold, white, sans-serif font. The letters are arranged in a grid-like pattern that tapers to a point at the top, creating a triangular shape. The background is black with numerous small white dots, resembling a starry night sky. The overall effect is one of a vast, structured landscape made of text.

The South Oak Cliff High School administrators, faculty, and staff are made up of hard working and caring people whose main objective is to give students the educational background that is tremendously needed for today's demanding lifestyle. They are dedicated to taking time and giving attention to motivate and build self-esteem through knowledge. Although their work hours are from eight until four, their work is never done because they are always supporting, searching, and striving to inspire qualities that would be vital to their students.

Teachers are human. They differ. However, South Oak Cliff High School's administrators, faculty, and staff have a common bond - "Striving for educational excellence!"

FACULTY

Our teachers exert their energies into creating a positive learning environment for us. Each member of the South Oak Cliff High School's administration, faculty, and staff, although the mechanism of a winning team, is individually an original number one (#1), making him/her a legend in his/her own time.

TEACHER OF THE YEAR NOMINATION

MRS. OLETHA GIVENS

"Life is full of opportunities and each person must put forth an effort to achieve what he or she wants," says Mrs. Oletha Givens, who has been selected for the "Teacher of the Year" at South Oak Cliff High School. Mrs. Givens has been teaching at South Oak Cliff for twelve years. She has taught black literature, journalism, business English, 10th, 11th, and 12th grade English. Mrs. Givens became a teacher because she wanted to help young people achieve their highest potential.

She was born in Magnolia, Arkansas. She attended Columbia High School, Bishop College, and following her senior year spent a summer at Yale University. She participated in the Alpha Kappa Mu Honor Society, Alpha Kappa Alpha, received the Sophomore Scholar of the Year Award at Bishop, and made Who's Who in American Colleges.

Mrs. Givens philosophy of life. The most important things in her life are her husband, Richard and their twins, Brian and Krista, who are nine years old. She loves them very much and cares deeply for their welfare. Next to them she enjoys teaching. Mrs. Oletha Givens inspires the legend to grow.

NINTH GRADE CENTER'S ADMINISTRATIVE STAFF

Mr. Hardie M. Lockett
Principal
Ninth Grade Center

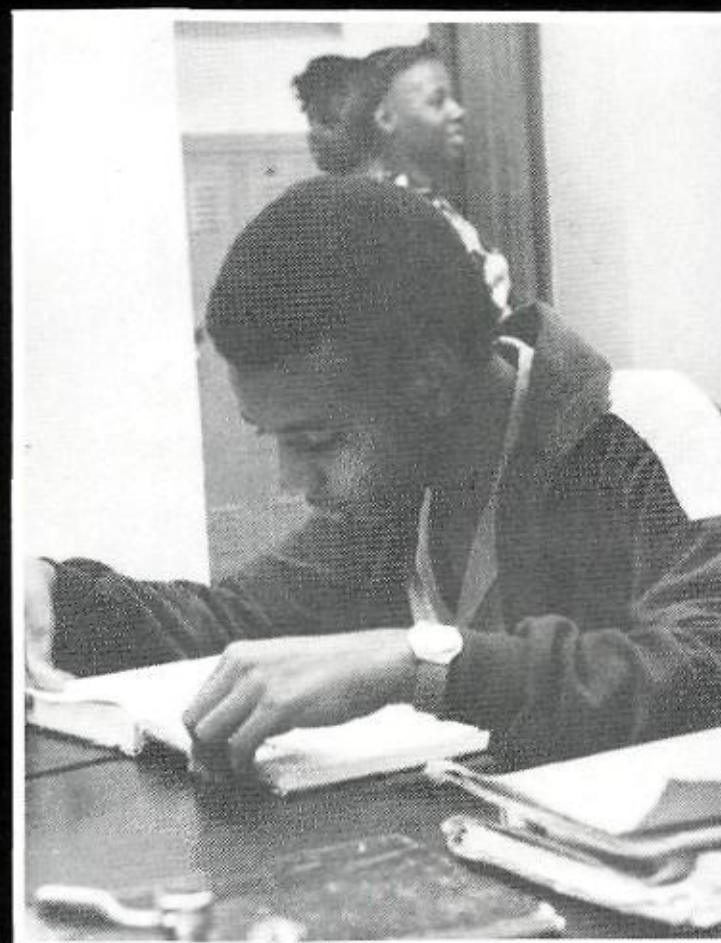

Mrs. Willie A. Edwards
Asst. Principal
Ninth Grade Center

A black and white graphic featuring a large, stylized pyramid shape. The pyramid is constructed from the word "GRADES" repeated many times, with the words arranged in rows that taper to a point at the top. The text is white and stands out against a dark background that is speckled with white dots, resembling a starry night sky or a textured surface. The overall composition is symmetrical and visually striking due to the repetition of the word.

At South Oak Cliff High School there are many types of classes to hang out with. But the best of any class at S.O.C. to hang out in is any *ej' eh ka' sheh ehl klas!*

Many people believe that the environment at South Oak Cliff High School is strickly athletic. Its true that athletic has played an important role in establishing South Oak Cliff High School as a *legend in it's own time*. However, it has taken academics to keep it there. Many of our alumni are presently in the limelight with top paying salaries, decision making positions and clout.

The educational classes at South Oak Cliff High School have made the *dream a reality*. Our image has changed, our teachers are teaching, our students are learning and our parents are involved. Our legend requires educational excellence.

The SOC basketball team, one of the most reknown team in Texas is in high heaven, coming out the winner in one of the most exciting games in the 81-82 season, by defeating the top ranked Roosevelt Mustangs.

The Bears started the 81-82 season a little slow and sluggish, after disciplinary problems with some of the players but when district play came, the Bears did

According to the *Dallas Morning News* the Bears are ranked no. 9 in the state. This type of distinction may drive the Bears to perfection because SOC is a winning school with winning people.

The Bears have some of the best players in the state, such as Deon Hunter, the only sophomore on the team, who is the leading scorer and, perhaps one of the best guards if not "The Best Guard in the State."

replied, "If I am chosen to play, fine, but I'm not overly anxious to play professional football."

James is a senior student and his most inspirational moment was during the 1980-81 school year when the varsity football team was fortunate to play in Texas Stadium. (This was the battle against Highland Park Scots for the Regional Championship.)

JAMES MITCHELL

James wishes all the senior athletes, faculty, and the student body at S.O.C. good luck in their future endeavors. He has enjoyed his complete four years at S.O.C., and will continue to maintain the same perspicacity of education and sports throughout his collegiate years.

Students Honored... Resolutions of appreciation were presented to Egypt Allen and Gerald Taylor, students at South Oak Cliff High School who distinguished themselves this year in football competition. Allen and Taylor were among a group of 64 seniors from 25 states and the District of Columbia named to *Parade Magazine's* 19th annual All-American High School Football Team, selected by top college coaches, scouts and recruiters from across the nation. Both students have already decided to attend Texas Christian University in Fort Worth on athletic scholarships.

The One and Only "Mama Reeves"

JACKIE CALDWELL

My first few weeks at S.O.C., I could often hear students speak of "Mama". After a while I was suspicious because I knew that not all of the students did not all have the same mother. I told Patricia Quemore about my suspicion, and she laughed at me, she said being "so slow". "The Mama Reeves" was one of the nicest people at this school and if you had problems you could always go to

Mama Reeves has been here at South Oak Cliff teaching and caring for 17 years and is known and appreciated by all. There are so many students here that she doesn't know that she calls them her babies.

During the school year Mama Reeves works mostly with the boys and their activities. She assists with the girls and boys athletics. One could go on and on about her many accomplishments. Mama Reeves will be greatly missed after she retires from teaching in 42 years.

I am sure that everyone here will feel sad in some way because she will never be another "Mama Reeves" in the halls of South Oak Cliff High School. Good-Bye Mama!

Incredible, Fantastic William Tisdale

By AVA WILSON

William Tisdale is known throughout South Oak Cliff. He was born August 15, 1964, under the sign of "Loveable Leo." He has the honor of wearing "Most Handsome," "Most Intellectual," "Most Friendly," and "Best Dressed."

When asked how he felt about holding all four honors, he replied, "When I received them I was surprised, but I think it's nice that my peers voted for me in these categories." He would like to thank all for their support.

Out of the four awards he won, William treasures "Most Intellectual" because it was a surprise. He thought he was like the average student, but of course we know

differently.

William has been at S.O.C. four years. These years have been good. In this learning institution, most students come in contact with teachers who are concerned with their welfare and their future.

William thinks the seniors and juniors of next year should concentrate on the B.O.A.T. next year if they have not already passed it. It will be a waste of twelve years to leave S.O.C. without a diploma.

After graduation, William will be attending the University of Houston, majoring in Exploration Geology or Computer Science.

KATHY HAMILTON

By JACKIE CALDWELL

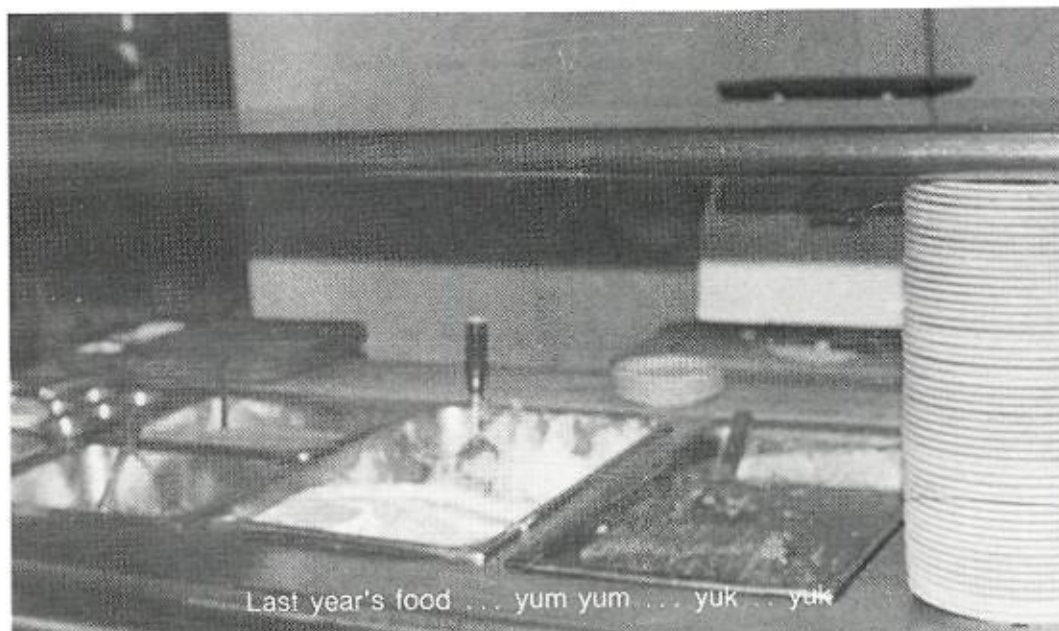

Kathy Hamilton is a senior South Oak Cliff. Kathy's interest involves singing and for this reason, she has been a member of the choir for four years. Kathy also has another interest which is acting; she shows a great love for the theatre.

If she ever decides to get into the field of acting, she would probably have a good start. Kathy had one of the major leads in the successful senior school play "Arsenic and Old Lace"; she

A black and white photograph of a starry night sky. The background is a dense field of stars of various magnitudes, appearing as white dots and small clusters against a black sky. Several prominent stars have distinct four-pointed diffraction patterns. The word "PERSONALITIES" is printed in a large, bold, white, sans-serif font across the lower portion of the image, centered horizontally. The text is slightly grainy, matching the texture of the photograph.

PERSONALITIES

In any cluster of people there's always a smaller group of people which seems to generate a special kind of high voltage charisma. At South Oak Cliff High School these people make up the personalities which set the pace for stardom.

This charismatic group always stands out in the crowd. They are the students specially chosen by their peers to represent the very best of what we have to offer the world. These students are the most intellectual, the most beautiful, the most athletic. In other words, these students are *the most and best* of "whatever!"

PERSONALITIES

It is from this group of students that we anticipate America to hear about the legend, South Oak Cliff High School. Our personalities are that important ingredient that add sparkles to the South Oak Cliff High School being a *legend in its own time*.

A large, stylized graphic of a mountain peak composed of the word 'ATHLETICS' repeated many times in a grid-like pattern, set against a dark, starry background. The word 'ATHLETICS' is written in a bold, white, sans-serif font. The letters are arranged in a way that they form the shape of a mountain, with the peak at the top and the base at the bottom. The background is black with white speckles, resembling a starry night sky. The overall effect is a sense of height and achievement.

In the past South Oak Cliff High School has produced such greats as Wayne Morris, Harvey Martin, Mike Downs, Alcy Jackson, Barbara Brown, Mike Livingston, Oscar Rome, Tim Collier and ours truly Coach Leslie Williams. These athletes exemplified the spirit and dedication that it took to be a star athlete whose achievements stood above all schools nationwide. Sports in any high school are always important, but not only are athletic abilities stressed, academics go hand in hand.

At South Oak Cliff, sports are the legend. Throughout the years, we have excelled beyond the rims of expectation.

ATHLETICS

Through the mental win over John Tyler High School, down through the physical loss with Plano High, down the girl's basketball team's defeated road to Waco, tumbling to Austin for the State Championship in wrestling, stroking to be first in swimming and sprinting to rank #1 in track there were a lot of emotional ups and downs. Through it all South Oak Cliff athletes held their heads up high.

The players knew that their season would have come and gone before they felt the pains and the would soon be memories of the past. Hoping that one day, people would think of them in the same manner as the "Greats" which S.O.C. has produced, propelled them through the athlete seasons.

SOUTH OAK CLIFF - GOLDEN BEARS

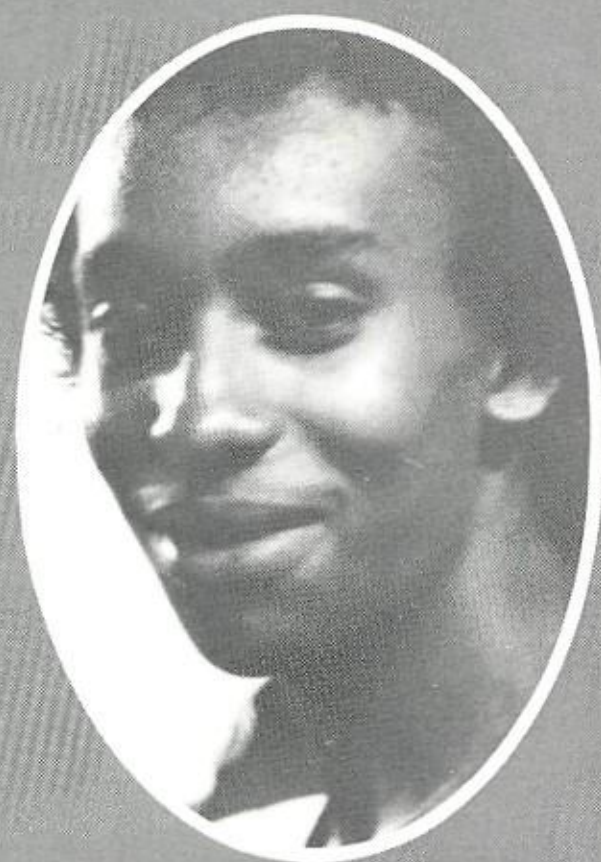

BI-DIST. CHAMPS 10-2 RECORD

SOUTH OAK CLIFF -VS- FT. W. DUNBAR 30-7

To start everything off with a bang, S.O.C. Golden Bears defeated Dunbar and Hutchins. The fans were all hyper, the players went into the games with great momentum and the Bears came out on top.

S.O.C. -VS- WILMER HUTCHINS 17-0

SOC's defense key in win over J. TYLER

SOC -VS- JOHN TYLER 13-6

John Tyler, ranked as high as fourth in one statewide poll in District 5-A, dropped to 2-1 while S.O.C. remained undefeated at 3-0.

Defensive lineman Tom Aldridge, John Boyd, Kevin Gray and Michael Shappel held the Lions to 129 yard total defense.

Neither teams had a scoring drive in the first quarter until 3:44 remained. Charles Silmon pass to end Johnson went 39 yards. Artis Jackson kicked the ball out of the stadium. With 11:20 remaining and a score of 7-0, it took the Bears four plays to score. Tim Goodson who ran 9,29 and 23 yards finished the first half with nine carries and scored the touchdown.

SOC ZIPS WOODROW 49-0

Tim Goodson led all rushers 135 yards on just eight carries.

The loss under Plano put the knife in the Bears back. The Bears did well facing one of the best teams in the State. Some of the players today have flashbacks of that dreadful loss, but also feel they did their best.

COACH NORMAN JETT

In his 26 years as a football coach S.O.C.'s Norman Jett has been involved in 199 victories; never had a losing season in 21 years. If S.O.C. BEARS had beaten Plano High this would have been Jett's 200th win.

Jett is no stranger to the state playoffs. Jett took his teams into post-season play-offs six times during his 20 years at SOC. The 1970 team was the most successful, reaching the state semifinals. S.O.C. lost bi-district in '75, '77 and '80 and reached the second round in '64.

There was no doubt in Jett's mind that he didn't have a winning team with such great talented players as his first 1,000-yard rusher in more than a decade, tail-back Tim Goodson and very precised and accurate quarterback Mark Davis. Jett was convinced that the '82 team was the best all-round Golden Bear squad he has had in years.

CHARLES FISHER

First black swimmer to reach regional

Charles Fisher came to Coach Leslie Williams and asked him could he try out for the swimming team. Charles only tried out for fun because he felt that swimming was just playing around in the water. That day Charles didn't even have a swimsuit, Coach found Charles a swimsuit, besides what did he have to lose. Coach Williams let him try out. He had to swim against some of SOC's fastest swimmers in the 50 yard freestyle to show his ability and he won. Fisher finished the 50 yard race in 26 seconds.

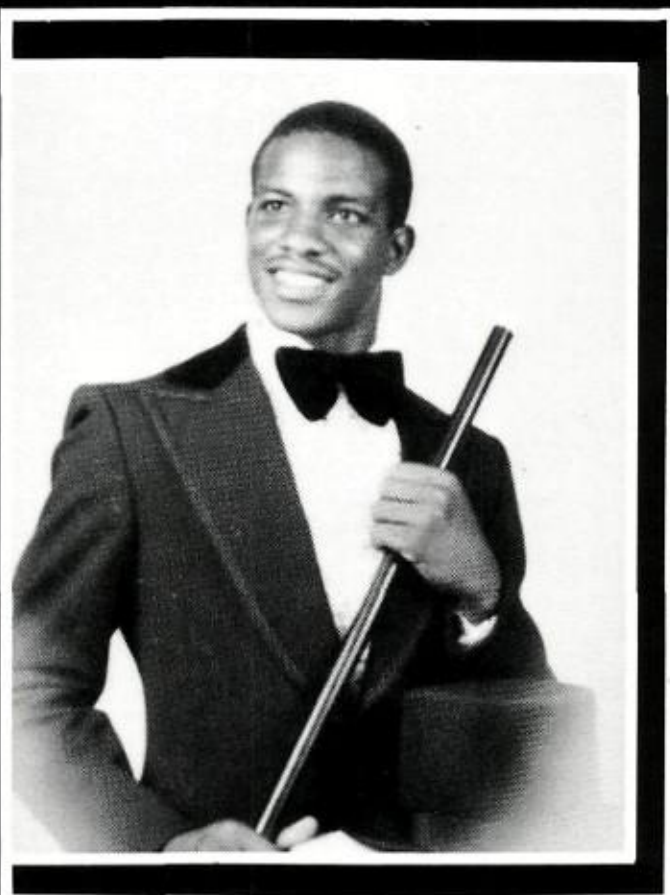

This youngman appears as a full-back and swims like a fish proved to himself and alot of people that if you believe in yourself that things will come your way.

Fisher became the first black to win an event in the district swimming championship.

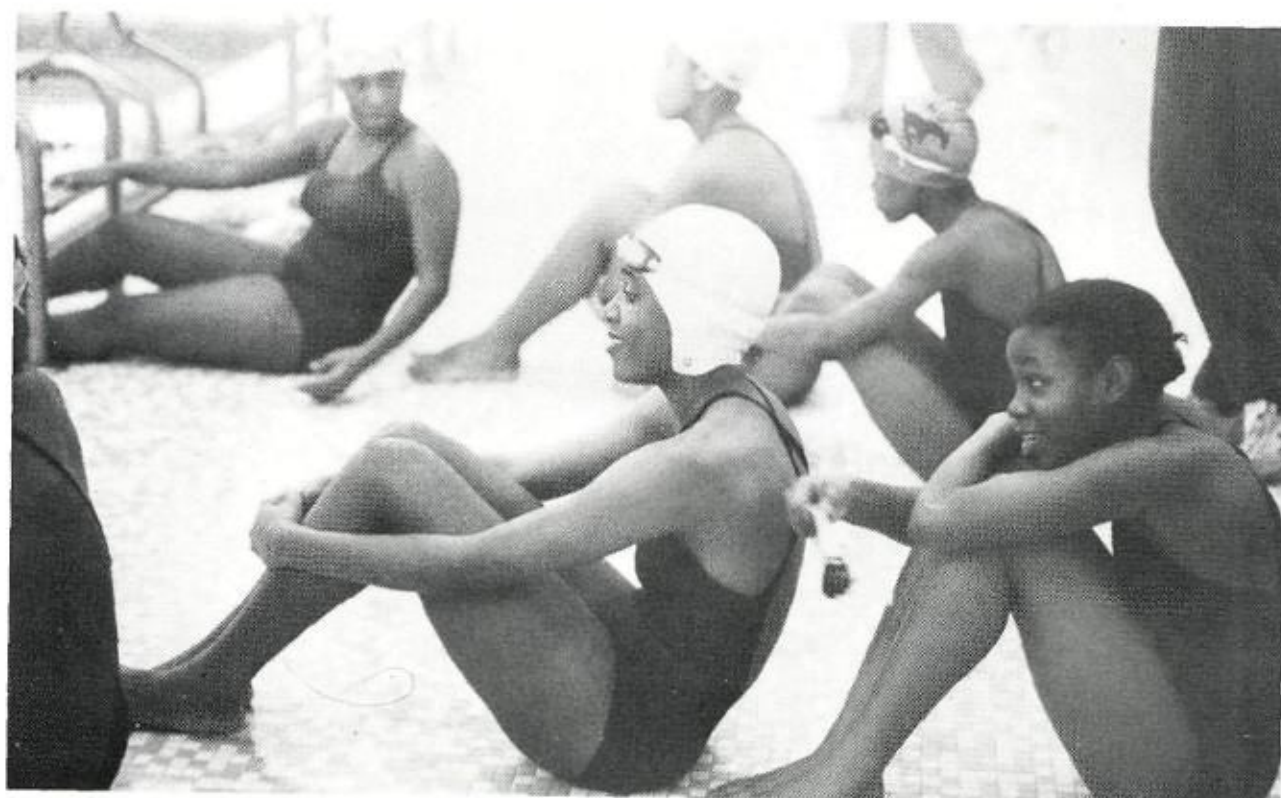

Fisher won the 50-yard freestyle in 24.03 seconds then captured the 100-yard freestyle in 53.79.

A building alone cannot become a legend. At South Oak Cliff High School the legend is the students.

To be a student at S.O.C. one must be dedicated. It takes preparation, cooperation, organization, respectfulness, and a lot of intelligence to be a part of a legend. Many may feel that this is impossible, but for the students at South Oak Cliff High — it's a way of life!

Mr. John Wylie Price prepares to speak.

Texas Public School Week was an eventful affair for South Oak Cliff High School. Community leaders representing over one hundred careers and occupations shared their expertise with the student body. Dr. Todd, Sr. welcomed the resource persons to the school and thanked them for taking time out from their busy schedules to share experiences with the students and staff at South Oak Cliff High School.

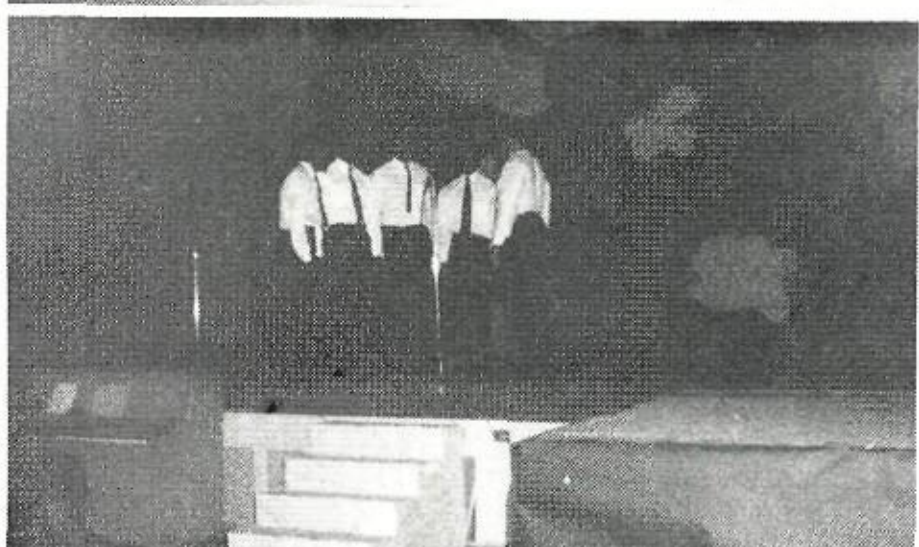

These events were coordinated by Mrs. Ruth Harris, Media Specialist, and the Community Day Committee members: Mr. Bob Bearden, Mrs. Jacquelyn Freeman, Ms. Christine Lynch, and Mrs. Ruth M. Tippins. Members of the Pivoteer Drill Team served as hostesses for the continental breakfast served in the Media Center.

BLACK HISTORY MONTH AT S.O.C.

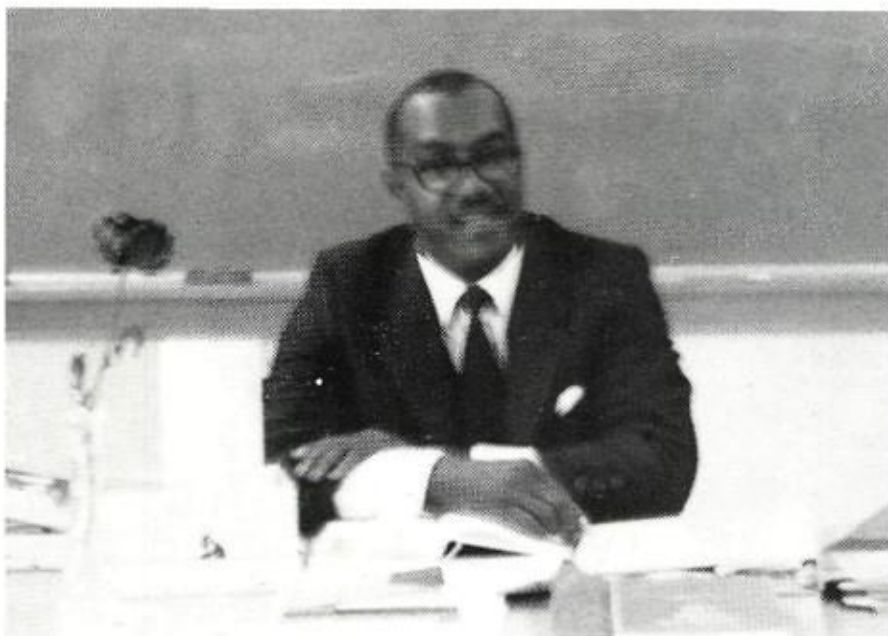

Black History Month has always been a special celebration at South Oak Cliff High School. The 1983 Black History Month was no exception. The events for the month were planned and sponsored by Mr. Robert Edison, The South Oak Cliff High School Student Leadership Council and the NAACP Youth Council. This year's committee held it's first Annual Black Student Leadership Conference.

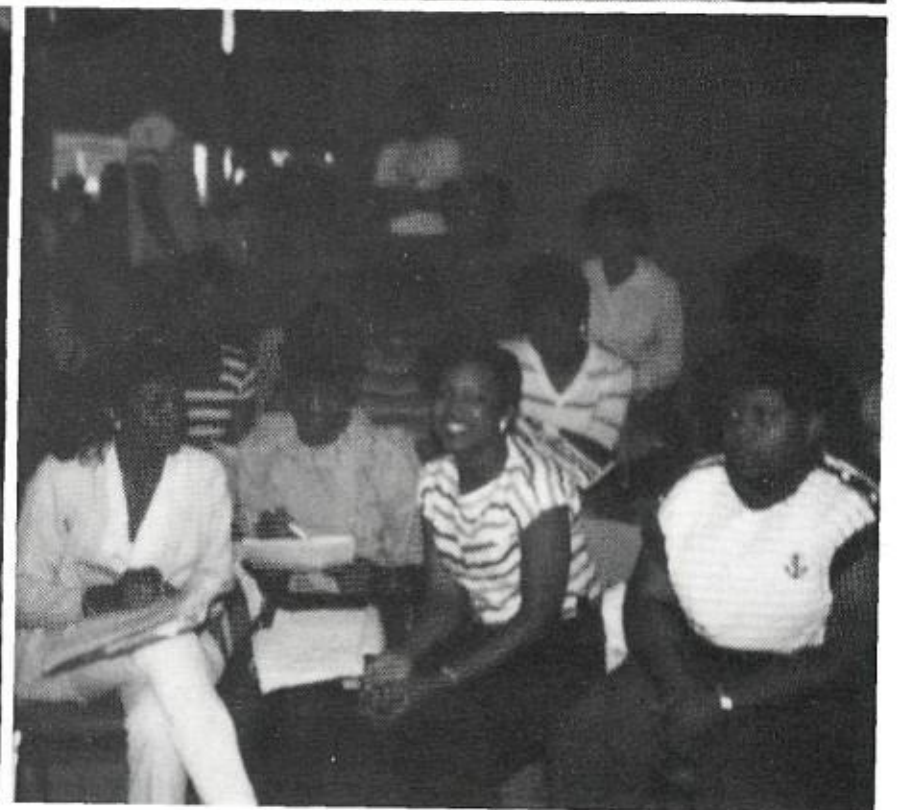

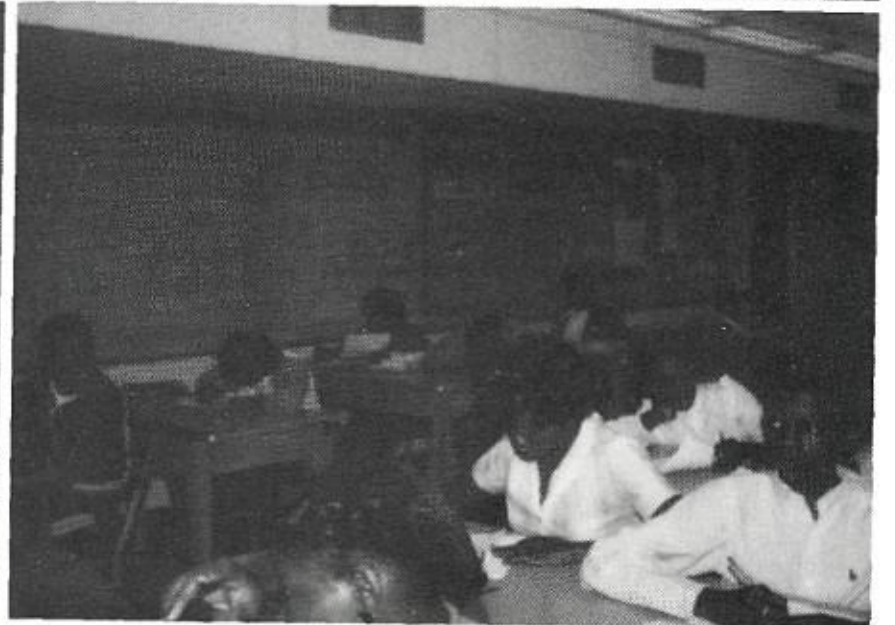

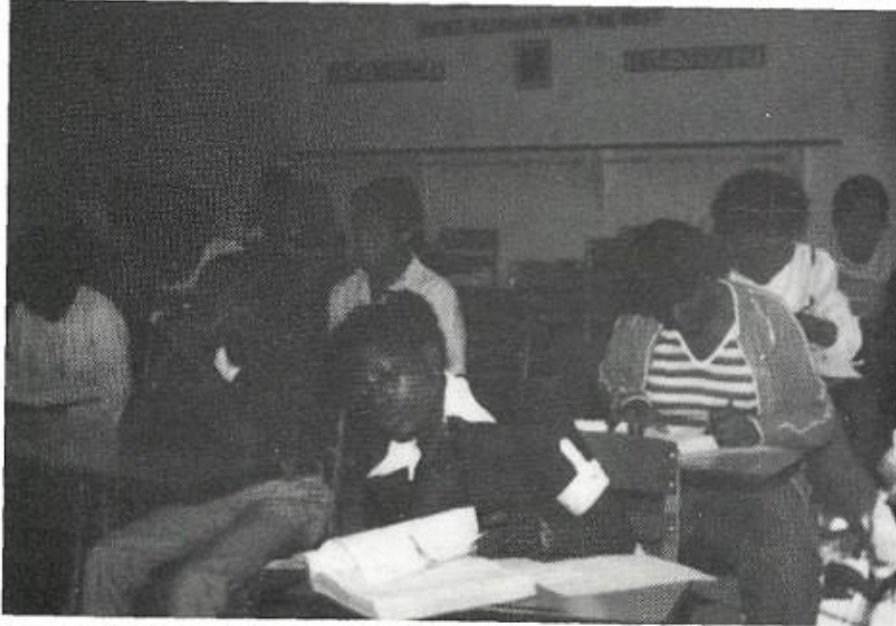

"Because black students have special needs and specific problems" was the purpose for the conference. Workshop presenters were Mr. & Mrs. Robert Bomar, Rev. Leroy Haynes, Jr., Mr. John Wiley Price, Mr. Martin Burrell, Mr. Bill Stoner, Iman Yahya Abdullah, Ms. Ann Reagan, Mr. Ted Watkins, Mr. Nyeusi, Ms. Sharlene Brazier, Mr. W.L. McCall, Ms. Cornel Randel, and Mr. Robert Edison. The conference's aim was cleared stated.

"For too long we have not been willing to take our proper place in our community. We have come because we struggle for equality; for "knowledge is power" and power is a basic requirement for progress We must look ahead for we are facing a new world and we must make our place in it."

AN ARTICLE OF FAITH FOR TEACHERS

(Some Truth Principles to Live By)

I BELIEVE:

In myself and in the infinite potential for good of each person I meet.

In the Creator as the divine source of all wisdom, and in His son, the Master Teacher.

In positive thinking which overlooks human frailty and builds on the strengths of every individual.

In being a self-starter and not waiting for someone to wind me up.

Our imperfections provide the challenge for us to acquire wholeness. Vessels of clay are brittle; we should be willing to share our brokenness.

We must be non-conformist enough to hear the beat of our own drummer and march to it.

We are forged in the image of the Creator; thereby we are made copartners in creation with Him and we possess the capacity to be self-creative.

Every human being is endowed with the marvelous sixth and seventh senses of imagination and creativity which set us above all other creatures and bestow upon us special and sacred responsibilities.

Keats was correct when he wrote: "That which is creative must create itself."

Motivation is more essential than giftedness in developing our creative potential to the fullest.

Time is the most valuable thing we have and that time, like money, should be invested, not merely spent.

We have only the NOW—we cannot reclaim the past and we can claim the future only as it arrives at the rate of 60 seconds per minute, 60 minutes per hour.

All leisure time is potentially creative time.

Our goals forge our present and eternal destinies and our attitudes shape our goals.

Growth-oriented goals energize us and trivial goals de-energize us.

The goal-directed, growth-oriented person will live a life of high quality and will never retire in the literal sense of the word.

We can enjoy continuous primes of life if we earn the love and approval of family and friends, perform useful and productive work, and continue to meet growth challenges throughout life.

Destruction of human potential through negative motivation cannot be separated from the destruction of life itself.

A human being is like a plant—when growth ceases, death begins, be that person 20 or 80.

Education of children and youth must be classified among the most sacred and demanding of all callings.

Our life-styles generously shared with our students will have more lasting impact on them than the subject matter we teach.

The dedicated teacher who maximizes the life potentials of his/her students achieves immortality in the here and now and beyond.
